NOTICE OF PROPOSED RULE MAKING**Adopted: July 8, 2004****Released: July 19, 2004**

Comment Date: September 9, 2004

Reply Comment Date: September 24, 2004

By the Chief, Video Division:

1. The Commission has before it a petition for rule making filed by Thomas Desmond ("Petitioner"), proposing the allotment of DTV channel 51 to Medical Lake, Washington, as the community's first local commercial television service. Petitioner states he will apply for DTV channel 51, if allotted.

2. In support of his proposal, petitioner states that the allotment of DTV channel 51 to Medical Lake will promote the underlying objectives of Section 307(b) of the Communications Act of 1934, as amended, by providing a fair, efficient, and equitable distribution of television stations to communities within the United States. Petitioner submits that his proposal serves the Commission's second television allotment priority of providing each community with at least one television broadcast station, citing *Sixth Report and Order on Television Allocations*, 41 F.C.C. 148 (1952).¹ He describes Medical Lake as an incorporated community with a 2000 Census population of 3,758 people. Petitioner notes that Medical Lake has the community attributes necessary for allotment, since Medical Lake is the city of license for commercial FM broadcast station KTSL.

3. We believe petitioner's proposal warrants consideration. DTV Channel 51 can be allotted to Medical Lake, Washington, as proposed, in compliance with Sections 73.623(d) and 73.625(a) of the Commission's Rules at coordinates 47-34-12 N. and 117-41-32 W. Since the

¹ These television allotment priorities are: (1) to provide at least one television service to all parts of the United States; (2) to provide each community with at least one television broadcast station; (3) to provide a choice of at least two television services to all parts of the United States; (4) to provide each community with at least two television stations; and, (5) assign any remaining channels to communities based on population, geographic location, and the number of reception television services available to the community.

community of Medical Lake is located within 400 kilometers of the U.S.-Canadian border, concurrence from the Canadian government must be obtained for this allotment.

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

| <u>City</u> | <u>Channel No.</u> | |
|--------------------------|--------------------|-----------------|
| | <u>Present</u> | <u>Proposed</u> |
| Medical Lake, Washington | -- | 51 |

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before September 9, 2004, and reply comments on or before September 24, 2004, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. 7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

8. For further information concerning this proceeding, contact Pam Blumenthal, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding.

However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
